

America's Boating Channel™ Explains the Difference Between Boating Knowledge Versus Skills

Think about it: knowledge is theory and skills put knowledge into practical practice. It requires a combination to become a better boater.

This is brought home through the "[Knowledge Versus Skills](#)" video that covers differences between boating knowledge and boating skills and why it matters. Viewers also learn approaches to take to improve their boating abilities and the pitfalls to avoid in boater education.

Knowledge doesn't mean you're good at boating, but it can help you more easily and safely develop boating skills that must be practiced on the water. Concepts, principles, and information about boating can be learned through reading, studying, and observing. The ability to plan, depart, anchor, dock, and perform other boat maneuvers is mastered through experience.

Videos like this one can kick-start a classroom presentation. Follow the video link above or visit <https://www.youtube.com/@AmericasBoatingChannel> to find this and other safe boating videos, which are an

excellent tool to help recruit participants to our educational program and to membership. Invite your friends and neighbors to watch, like and subscribe to America's Boating Channel to introduce them to what our organization has to offer.

In addition to YouTube, these professionally produced high-definition safe boating and boater education videos are available via the America's Boating Channel free, on-demand app on Apple TV, Roku or FireTV. [America's Boating Channel™](#) is produced by the United States Power Squadrons® (USPS) under a grant from the Sport Fish Restoration and Boating Trust Fund administered by the U.S. Coast Guard.
